For seven years I suffered with a cancer on my face. Eight months ago a friend recommended the use of swirt's Specific and I determined to make an effort to procure it. In this I was successful, and began its use. The influence of the medicine at first was to somewhat aggreate the sore; but soon the inflammation was allayed, and I began to improve after the first few bottles. My general health has greatly improved. I am stronger, and able to do any kind of work. The cancer on my face began to decrease and the ulcer to heal, until there is not a vestige of it left—only a little scar marks the place.

ATLANTA, GA., Aug. 11, 1885.

I have had a cancer on my face for some years, extending from one cheek bone across the nose to the other. It has given me a great deal of pain, at times barning and tiching to such an extent that it was almost unbearable. I commenced using Swift's Specific in May, 1885, and have used eight bottlee. It has given the greatest relief by removing the inflammation and restoring my general health.

ing the following notice in the rooms of the clerks:

"Navy DEPARTMENT, WASHINGTON, Nov. 25, 1885.—The Secretary of the Navy has arranged to deliver a Thanksgiving turkey to any officer or employe of the department who will avail of his courtesy."

A great many clerks availed themselves of the Secretary's magnanimity, and checks on a well known commission house were given to such that made application. The private secretary of Mr. Whitney was stationed at the latter place and honored the checks, and many were made happy by the generosity of their chief. The clerks and employes were graieful, and it would have made even the Secretary feel pleasant and at peace with all the world to hear the commendations of his kind act.

RAILWAY NOTES.

The flour mills at Minneapolis all closed down Tuesday night. The reason given is that, with the advance in freights-17½ cents to Chicago and 25 cents beyond—while what and flour maintain their present relative prices, there is no profit in grinding. James Dickinson, age 50, boss carpenter at Mount Clare works of the Baltimore and Ohlo railroad, was killed yesterday at Baltimore, by the limited express train on that road. After leaving the track, when he saw the train approaching, he stepped back in from of the locometive and was horibly mangled. The Manor branch of the Pennsylvania railroad, extending from Manor station, on the main line, to Claridge, four and a half miles, has been completed, and will be opened for business as a branch of the Pittsburg division on Dec. 1. It will open a fertile gas coal region, in which there are already several mines in operation.

mines in operation.

The annual report of the officers of the Western Maryland Railroad Company was submitted to the directors yesterday by John M. Hood, the president. The grees carnings for the past year were \$619,217 and the operating expenses, \$387,081, not carnings \$221,142. The expenditures in betterments were \$101,142. Compared with 1881 the carnings show a decrease of \$40,778, and the expenses a decrease \$20,683. The number of passengers carried during the year was \$72,315, and freight transported 255,485 tons.

CANDID OPINIONS.

The Philadelphia Medical Bulletin, French, Richards & Co., Curran & Goler -- What They Know About

Duffy's Pure Matt Whiskey.

Read what the Medical Bulletin, of Philadelphia, a monthly journal of medicine and surgery, edited and published by physicians of high standing, says editorially of Duffy's Pure Matt Whiskey: that is desired of sleoholic simulant in treat-ment of disease. Free from that poissuous auxile ale hol called fusel oil, it is said to be readily borne by the most Fritable stomath, without creating any disagreeable after-effect and gestric deraugement.

Further comment is unnecessary. Every well-rigulated family should have a bottle on their side-board.

regulated family should have a bottle on their side-board.

The following opinion of Mesers. Curnan & Goles, well-known wholesale and retail druggists, speaks volumes:

GENTLENES: The broad difference of opinion existing among medical men as to the wisdom or propriety of employing alcoholic stimulants in disease can nover be harmonized by any argument in favor of a particular brand of liquor, however true or intrinsically valuable, notwithstanding that much of this divergence of thought may be traced originally to the prenicious effects of the worthless material labeled and sold as "pure wises and liquors." All are agreed, however, that wandingers: All are agreed, however, that whenever stimulants are employed, whether indicated or not, they should be of a character unquestioned by experience in the sick-room or by the most delicate manipulations in the chemist's laboratory. An experience of more than twomity years in the drug and legitimate apothecary business has given us a wide range of acquaintance with the wants of the profession and requirements of the sick in the direction of stimulants. Among the many articles of liquor dispensed at our astablishment during these years for medicinal nes we can say confidently that none have approached the celebrated Duffy's Pure Mail Whiskey in freedom from fusel oil and other noxious materials, in amnothness of taste, roundness and delicacy of flavor, making it alike acceptable to all ages and to the most delicate stomachs. In typhold fever, dysentery, diarrham, and all low forms of disease, the medical profession will find this article of whiskey invaluable as a stimulant and tonic, without any of the bad effects usually following the taking of spirits less refined.

Reduced Commutation Rates on the Baltimore and Potomac and Alexandria and Fredericksburg Railroads. dria and Fredericksburg Hailroads.
Commencing December 1st, 1885, a reduced system of commutation tickets will be introduced on the line of the Baltimore and Potomac and Alexandria and Fredericksburg Railroad Companies. The rates are the lowest ever offered on any railroad in this country, except those now in effect on other portions of the Pennsylvania railroad system. The reduction is founded on the policy pursued by that corporation of developing and building up the suburban portions of its lines by making the inconsiderable expense of transportation between city and country one of the advantages of rural residence.

A convenient and rapid service of train and low rates are the two most powerful factors in the growth of suburban districts, and when these are once established, development of resources and increased values of propecty are certain to follow. Under the new arrangement sixty-trip monthly, one-hundred-and-eighty-trip monthly, one-hundred-and-eighty-trip quarterity, and forty-six-trip achoot tickets certain to follow. Under the new arrangement sixty-trip monthly, one-hundred-and-eighty-trip quarteriy, and forty-six-trip school tickets will be introduced. They will be sold between this city and all stations on both the railroads. The rates to a few of the more prominent points on the Bailimore and Potomac are as follows: To Nawy Yard, sixty-trip, 83.09; quarterly, \$6.45; quarterly, 747.5; school, \$4.29; to Seabrook, sixty-trip, \$6.45; quarterly, \$77.50; school, \$6.20; to Mariboro, sixty-trip, \$11.50; quarterly, \$25.65; school, \$7.30; to Odenton, sixty-trip, \$2.50; quarterly, \$2.50; quarterly, \$2.50; quarterly, \$2.50; quarterly, \$2.50; cohool, \$7.30; to Odenton, sixty-trip, \$0.50; quarterly, \$2.50; cohool, \$7.30; to Odenton, sixty-trip, \$1.50; quarterly, \$2.70. On the Alexandria and Fredericksburg Railway to Alexandria, sixty-trip, \$4.80; quarterly, \$10.50; school, \$2.20.

The twenty-six-trip family and firm tickets will be withdrawn, and be replaced by a fifty-trip ticket, to be sold at two cents per mile.

The Grand Aims of Life

Are nullities to the chronic invalid. What to him are the rewards of ambilion, the accumulation of fortune, or the fruition of domestic happiness? The zeat of life is gone, its aims are dead. Well for him if all this is not irretrievable—if this malady is not of the deep seated organic sort which forbids hope of cure. For many of the lifs to which flesh is heir, formerly supposed to be incurable, Hostelter's Stomach Bitters is a sovereign remedy. Among them are dyspepsia, chronic constipation, rheumatism, debility, and herevousness. These are remediable with the grand restorative, which does the work theroughly, striking at the root of the evils to the removal of which it is adapted. By insuring activity and purity of the circulation, inducing a healthy flow of the bile, and promoting a regular habit of body, it fortifies the system against malaria. It is also useful as a diurctica. The Grand Aims of Life

THE MARKETS. Less Activity in Stocks-Wheat Very

Dull and Lower. New York, Nov. 25.—The stock market to-day has been less active, the rotal sales amountng to 543,300 shares, or a decrease as compared ing 10 581,300 shores, or a decrease as compared with yesterlay of 10s, for shares. The London quotations furnished here before the opening of the board showed very decided advances over last evening? Igures, and the opening quotations at the New York stock exchange were generally from ½ to ½ per cent, higher than they closed last evening, although there were a few cases in which first prices were lower, and others where there was no change. A slight advance in mediately after the opening marked the highest quotations of the day. On an active selling movement prices declined in the first half hour materially, and then the market became quiet, and advanced very slowly, followed by another docline in the afternoon, and later a quick upward movement, which was succeeded in the last half hour by a steady but comparatively firm tone, the market finally closing generally strong at figures that are neither the highest nor the lowest of the day, but generally lower than the closing prices yesterday. Over 32 per cent, of the day business was done in St. Paul, Lake Shore, and Texas and Pacific, with sales ranging between Sa, 700 and 41, 500 shares each.
